## Double Grip Hose Clamps

- \* A double tooth interlocking jaw for exceptional strength.
- \* Molded in black durable nylon 6/6, quick and easy to install.
- \* Creating a tight sealing application- Secured to the required tightness by compressing the double gripping interacting grooves in a ratcheting fashion
- \* Good chemical resistance- Tough, Corrosion resistant, and Resilient.
- \* Easily to be removed by separating the clamping halves in perpendicular direction at the seal.
- \* Widely used in Electrical, Electronic, R.V., Boating, and Automotive industry
