Polyester & Kapton Tape

The industry standard for most powder coating and E-coating applications. It protects your product's finish from scratching or chipping by using it during shipment or assembly. A low cost alternative for protecting large surface areas and minimizing returns. Can be used during production, assembly, or transportation.

Features

- * Low adhesive tape strips off with no residue.
- * Standard colour : Brown

Polyester Tape is 2 mil thick and has a 1.5 mil silicone adhesive and will withstand temps up to 204° C .

Part No.	Description
12-PT08	Tape 8.0mm
12-PT10	Tape 9.5mm
12-PT12	Tape 12.7 mm
12-PT16	Tape 15.9mm
12-PT19	Tape 19.1 mm
12-PT25	Tape 25.4mm
12-PT38	Tape 38.1 mm
12-PT51	Tape 50.8mm
12-PT76	Tape 76.2mm
12-PT80	Tape 80.0mm

The **Kapton Tape** is 1 mil thick and has a 1.5 mil silicone adhesive and will withstand temps. up to 260° C .

Part No.	Description
12-KT06	Tape 6.4mm
12-KT08	Tape 8.0mm
12-KT12	Tape 12.7mm
12-KT16	Tape 15.9mm
12-KT19	Tape 19.1 mm
12-KT25	Tape 25.4mm
12-KT38	Tape 38.1 mm
12-KT51	Tape 50.8mm
