

## Hammond Miniature Flanged Lid Boxes - 1551FL

Designed to meet IP54 • Two PCB spacers are moulded into the interior.

- Ideally suited for mounting small printed circuit boards.
- Moulded from economical ABS plastic and feature a satin finish.
- Flanged lid is perfect for wall or shelf mounting or suspending with a tie wrap.
- Assembled with two self tapping screws.
- Lap joint construction provides protection from dust and splashing water
